1. **Notes from last Linkage Group meeting** – agreed that they were a good representation of the meeting.
 2. **Notes from the SPC Meeting** – 31.8.16 –
 - the notes from the SPC were circulated – it was agreed that the issues raised at the Linkage Group were dealt with at the SPC –
 - Re: **Planning Enforcement** – a discussion ensued re a planning application objection/observation which was raised by a D15 residents group – there were issues with online information etc. – it was **AGREED** that reps would bring a proposal /motion re administrative changes – delay in getting information online etc. – which would read:
‘that a developer and any proposer of a development provides a PDF of all documents so they can be instantly uploaded and be in a format that ordinary people can print out’.
 3. **DAA Developments at Dublin Airport:**
 - as issues were identified at the last Linkage Group – the reps have questions/comments etc. to put to the DAA if they present at the SPC meeting
 - Myles informed the meeting that the DAA are holding a series of community consultation meetings – **TASK:** Ann to email PPN members with dates of these meetings.
 4. **Re-Building Ireland – Action Plan for Housing and Homelessness:** - the outline of this Plan was distributed – the link to the entire Plan is www.rebuildingireland.ie - discussion followed – the plan aims to fast tract developments – **TASK:** Ann to send the link to the Linkage Group Members – ask them to read the Plan, bearing in mind that it is a National Plan – if they have comments/observations etc. they can email the reps at planning@ppn.ie

5. **County Development Plan** – no update

6. **Local Area Plan** - no update

7. **TOR for Linkage Group – Work plan:**

- the draft TOR for the Linkage Group was circulated – under the heading ‘How decisions are made’ suggested that we use the wording used in the original guidelines/roadmap re consensus etc. – **TASK:** Ann to look at the roadmap and make changes
- re the work plan – suggested that at the next Plenary we outline what issues/concerns were raised at the last Plenary and give overview of what has been done with these.
- **AGREED** – that the Linkage Group Agenda should have an item on it which allows discussion of issues not necessarily on the SPC Agenda.
