Community Candidates: 1

Candidate Information: Community Seat	
Name	Doreen Keaney
Organisation	Rathbeale Residents Association
Statement	<p>I am recently retired from the Department of Transport. I have worked on all transport modes during my career- public transport, road, and aviation covering policy, governance and investment. I was also Ireland's Transport Attache to the EU for 4 years.</p> <p>I have been involved in many working groups as chair and member and have experience in negotiations at home and abroad representing the Department, Minister and Ireland.</p> <p>From 2009 I was Principal Officer in charge of Transport Investment, helped prepare various capital plans and worked on plans for Metro North, DART Underground, and LUAS with the transport agencies.</p> <p>I also worked on sustainable transport issues covering walking, cycling and accessibility.</p> <p>As A result of this work and my involvement with local groups I am very aware of the transport issues facing Fingal and have a keen interest in working with relevant bodies to improve transport in Fingal.</p>

Environment Candidates: 1

Candidate Information: Environment Seat	
Name	Raymond Ryan
Organisation	Skerries Cycling Initiative
Statement	<ol style="list-style-type: none">1. 10 years' experience of active service on the Transport SPC.2. Focus on safe, sustainable transport in Fingal - cycling, walking, buses, trains, Metro.3. Strong, positive relationships with Fingal Staff and Councillors.4. Experienced in inter-acting with infrastructure consultants/designers.5. Passionate advocate of the Fingal Coastal Way (cyclists/pedestrians) since 2010. I have made presentations to the SPC, local councillors and TDs on this issue and on bike infrastructure. This crucial tourism project in Fingal is being implemented. It is vital that a PPN representative familiar with its infrastructure is present on the SPC.6. Lead author of numerous submissions on Fingal transport issues.7. Supports the principle of upgrading bus services but I am concerned that the BusConnects scheme is properly handled, that the attendant cycling infrastructure is well designed so as to reduce traffic congestion, and that local residents' concerns be heard.
