## The Fingal Public Participation - light-up iconic landmarks in Fingal

Dear Paul Barnes,

The Fingal Public Participation Network held its Plenary Meeting on 11<sup>th</sup> November 2020. During our plenary session the following motion was submitted by a member:

*Would/Will Fingal County Council light-up iconic landmarks in Fingal to brighten up Christmas for kids, grand-kids, parents and grand-parents, such as Martello Towers or Ireland' Eye, all capable of being viewed at a distance in light of a difficult year for all due to Covid-19 - Lorcan Blake (Howth Peninsula Heritage Society).*

The PPN Membership and Secretariat are in agreement over the positive value and uplifting impact such a gesture would bring to the community of Fingal.

I am writing on behalf of Fingal PPN Secretariat requesting that the you consider lighting up iconic landmarks throughout the Fingal area this Christmas.

Yours sincerely
