Invitation to Public Consultation Events on the LEADER Local Development Strategy for Rural Dublin 2023-2027

We are holding public consultation events to hear your views on how funding for the development of Rural Dublin should be spent.

Dublin Rural LEADER has been allocated €4.7m to invest in the development of the area through economic, social & environmental projects. What do you think is most important? What strengths should we be building on? What challenges need to be addressed? Please come and have your say at one of the events below.
